Pathway Lighting Products Announces IRD

OLD SAYBROOK, Conn., January 7, 2021 — Pathway Lighting announces their new In-ceiling Remote Driver (IRD) power supply for low-voltage fixtures. It is available in two versions: Remodel style and New Construction style. [Video](#)

Remodel Style
Series IRDRM
[Spec Sheet](#)

New Construction Style
Series IRDRM
[Spec Sheet](#)

FEATURES & BENEFITS

- ✓ Prolongs driver life span. Because the driver is in the ceiling, it is not subject to the heat that is generated by the LED board.

-more-

- ✓ Slim .25" depth ceiling canopy is aesthetically pleasing.
- ✓ Available in surface, pendant stem, and cable-hung mounting styles. Not suitable for wall-mounted products.
- ✓ Heavy-gauge galvanized steel support provides secure mounting platform for electrical components. Allows up to 1.5" ceiling thickness.
- ✓ ETL listed, damp location.
- ✓ Low-voltage lighting fixtures are specified and published.

About Pathway Lighting Products, Inc.

Pathway Lighting, located in Old Saybrook, CT, is an innovative designer and manufacturer of specification-grade LED luminaires. Our product line is designed for commercial and institutional markets and includes downlights, wall washers, adjustable accents, decorative pendants, round and square cylinders, and emergency egress fixtures. The company also offers remote driver solutions, human centric lighting, healthcare lighting solutions, and quick-ship fixtures. Our wide range of products can support the lighting requirements of a single space or the entire project.

For more than [30 years](#), Pathway Lighting has been using advanced product design software, best practices in manufacturing and fabrication, and state-of-the-art testing equipment to ensure that our products meet our customers' expectations. As an independently owned, American lighting manufacturer, we can provide responsive technical support, and we welcome our customers' requests for fixture modifications and custom products. Our open platform approach to LED product development simplifies specification and gives our customers choice, more time to focus on lighting design, and peace of mind that only a trusted source for quality products can offer. www.pathwaylighting.com
